

## Product Description

Super CBD is for those looking for general use of the amazing benefits from CBD-rich hemp oil. Our dedicated team of experts has holistically formulated this blend with your optimum health in mind. We use non-GMO, CBD-rich hemp oil grown in soil that has been managed without pesticides, herbicides or artificial fertilizers, and infuse it with all-organic superfoods to help nourish your body, mind and spirit.

We have also **increased our products' bioavailability by making our CBD water-soluble.**

This means that the 250mg CBD in our product is the equivalent to 2500+ mg of CBD in regular products!

- Being water soluble means CBD can pass through the membranes of the mouth and stomach much faster!
- When CBD is not water soluble, around 90% of the cannabinoids get destroyed in the liver.
- Increased CBD Assimilation allows more of the compounds to get into the bloodstream.
- You will feel the CBD significantly faster, typically within 5 minutes.

**All of our products are free of GMO's, pesticides, herbicides, heavy metals, corn, soy, and gluten.**

**Ingredients:**

- **CBD Rich Hemp** and Hemp Seed Oil: CBD is a compound found naturally in hemp stalks and stems with some of the most diverse and affective health benefits found in Nature. Oil from hemp seeds contains the optimal ratio of Omega 6 and 3s for the human body, as well as ALA, and is a complete source of protein.
- **Moringa:** One of Nature’s most nutritional superfoods, Moringa is loaded with vitamin A, Vitamin C, Calcium, and bioavailable minerals.
- **Acerola Cherry:** Our certified fair-trade Acerola Cherry is an amazing superfood from Brazil loaded with Vitamin C.
- Other ingredients are: Organic Vegetable Glycerin, Pure Water, Organic Quillaja, Organic Tapioca Maltodextrin

Ojai Energetics prides itself on the highest standards of sourcing pure and sustainable hemp; with a focus on our farmer’s cultivation methods, and the health of their crops, water, and soil. We import the finest ethically grown materials.
